

Bamboo

Straight cut coat

- *Regular~loose fit coat.
- *Straight silhouette with back vent.
- *Hidden button stand front.
(You can make it without it.)
- *Box or Patch pockets on the sides.
- *2 options for hem and sleeve length.
- *2 options for collar design.
(Tailored collar or round neck)

*Lining pattern included.

View A

- Tailored collar
- Long length
- Long sleeve
- Box pocket

View B

- Round collar
- Short length
- 7/8 sleeve
- Patch pocket

RECOMMENDED FABRICS

Jacket / coat fabrics with some body.
Suitable lining fabric.
Fabric for hidden button stand(*optional).

MATERIALS

Long length version

- Main Fabric /140 cm (55") width
- 2.8 m (3.1 yds) for size 34-40
- 3.1 m (3.4 yds) for size 42-48
- Lining Fabric /140 cm (55") width
- 2.2 m (2.4 yds) for size 34-40
- 2.8 m (3.1 yds) for size 42-48

Short length version

- Main Fabric /140 cm (55") width
- 2.5 m (2.7 yds) for size 34-40
- 2.9 m (3.2 yds) for size 42-48
- Lining Fabric /140 cm (55") width
- 2.0 m (2.2 yds) for size 34-40
- 2.5 m (2.7 yds) for size 42-48
- Button (2.2cm / 1") :
Round neck/long length : 5
Round neck/short length : 4
Tailored collar : 3
- Interfacing

SIZE CHART

* Inch notations are approximate.

PATTERN PREPARATION

- Find your size referring to the size chart on the first page.
- Print out the pattern pages. The data size is 100%. Print without scaling.
Check the test square (10 X 10 cm (≈ 4")) on the pattern page to ensure that your pattern has printed correctly.
There are the home print size (A4 or US letter shell:37p, lining:29p) and the copysheet size (shell:841x2230, lining:841x1744mm / shell:33.1"x87.7", lining:33.1"x68.6") pattern.
- The pattern has layers. It can be printed or shown in only the size(s) you need. For better visibility, show only the layers you need.

Layered data printing instruction

Open with Acrobat Reader

*Acrobat Reader download link (*Mar. 2019) : <https://get.adobe.com/reader/>

- Cut off the margins around each page.
- Assemble the pattern along the numbers as shown in the diagram. Tape the pieces together.
(With copy shop size print, you don't need these steps.)
- Adjust the pattern if necessary to fit your measurements. If you want to change the length, add or reduce the same amount on the all of the lengthen shorten guide lines to the same length.
- Cut out your pattern.

* This pattern includes seam allowances, also shows seamlines and hemlines. You may choose your pattern outline.

- Choose the design options. Refer these pics for the numbers of the pattern pieces.

● Tailored Collar

- *Cut the tailored collar line on the Front Bodice
- *Collar Pattern No.7 - 8
- *Front Facing Pattern No.5
- *Hidden button stand Pattern No.13

● Pocket A

- Pattern No.14 - 16
- slanted box pocket

- Long length
- Short length

*Choose the cut line on the Bodice, Facing and Hidden button stand.

● Round Neck

- *Cut the Round neck line on the Front Bodice
- *Front Facing Pattern No.4
- *Hidden button stand Pattern No.12

● Pocket B

- Pattern No.17, 18
- patch pocket

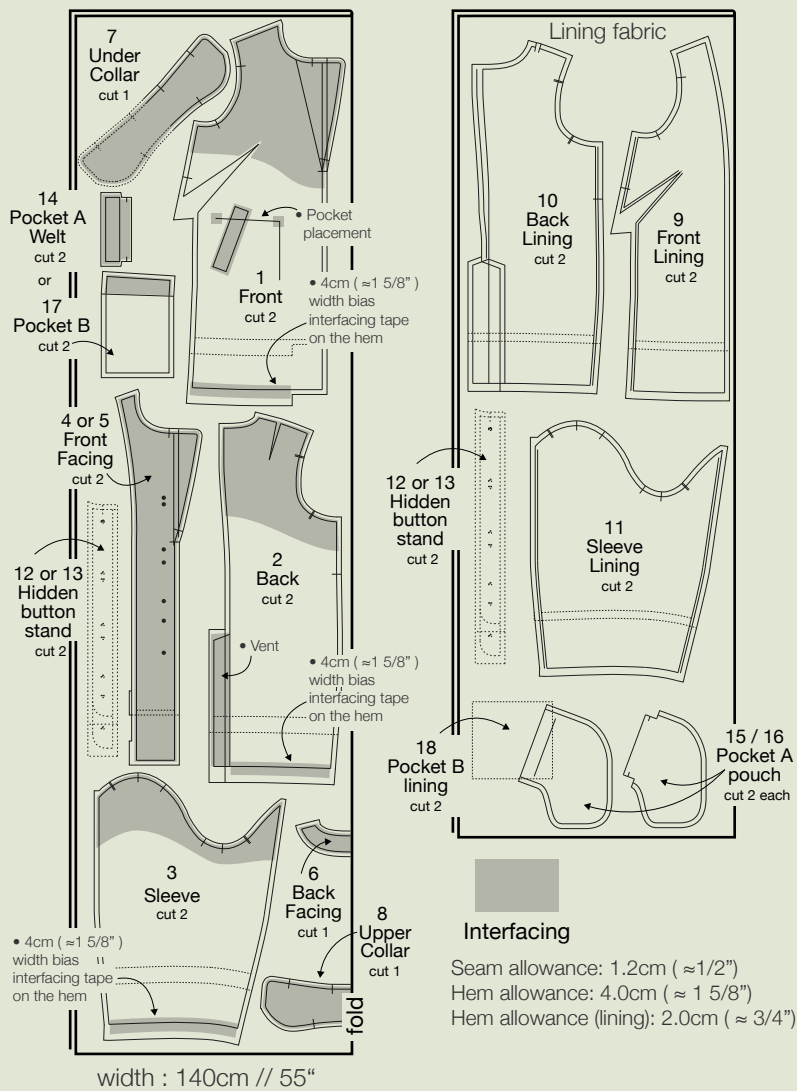

● 7/8 Sleeve length

● Long sleeve length

*Choose the cut line on the Sleeve

LAYOUT / CUTOUT / MARKING / INTERFACING

- Preshrink your fabrics, if needed.
- Place the pattern pieces on your fabric referring to these diagrams. Make sure to follow the grainline on the pattern.
- Cut your fabrics.
 - * If your fabric has a print or pattern, such as plaid, make sure to match it on the different pieces.
- Mark all pattern markings onto the wrong side of your fabric (notches, center etc.).
- Press the interfacing, according to the diagrams, onto the wrong side of the fabric.
 - * Refer to the appropriate pocket instruction for the detail of the interfacing placement of the pockets.

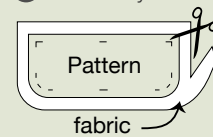

*About hidden button stand placket

This parts can be cut by the shell or lining fabric depending on your material. Please choose one considering that there will be thick fabric layers and buttonholes. If your shell fabric is very thick, it is better to use thinner fabric. If the both fabric is not suitable, choose another fabric or reinforce with interfacing.

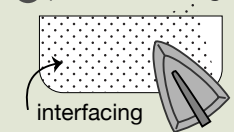

Tips for INTERFACING

- If your fabrics are easy to shrink from iron heat...

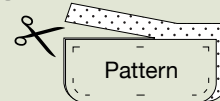

- 1 Pre-cut your fabric larger size.

- 2 press interfacing.

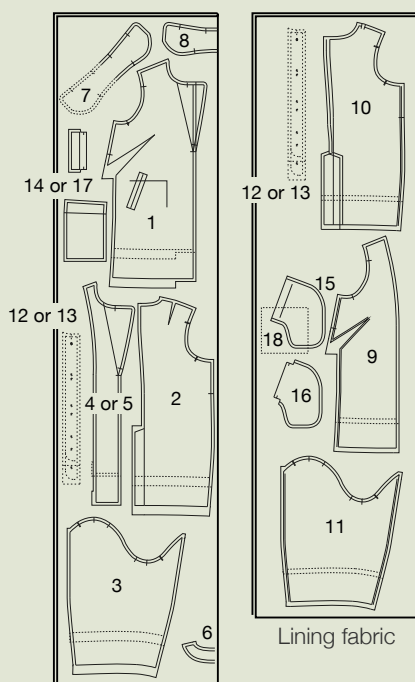

- 3 Cut to actual size.

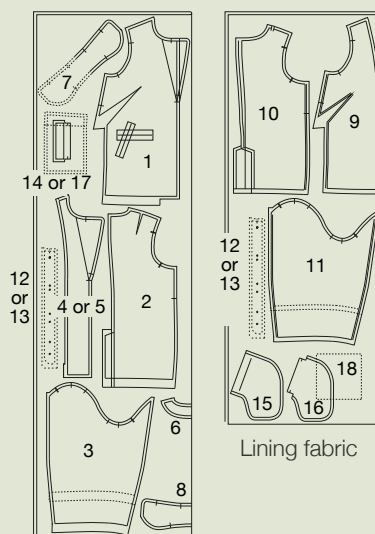

* recommended for the Facings and Collar parts.

- Select the right interfacing before beginning. Check it by testing if you are not sure.

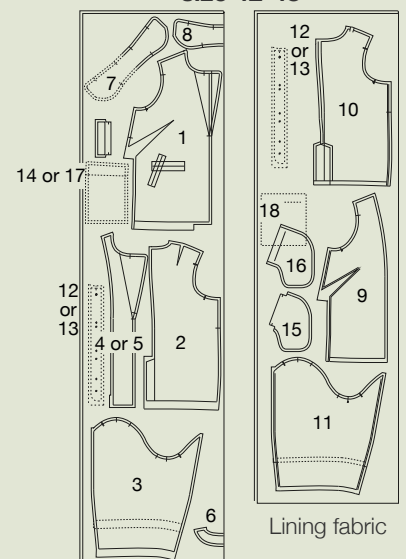

*reference placements for **size 42-48**

size 34-40

size 42-48

LEGEND

Right side fabric

Right side lining

Wrong side fabric/lining

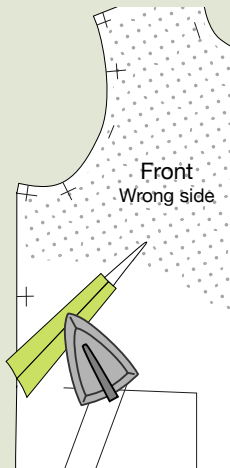

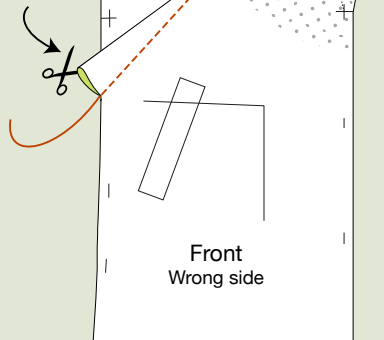

Interfacing

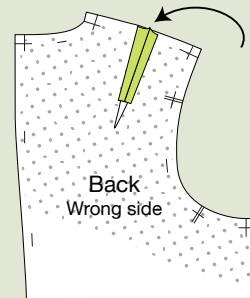

DARTS ON BODICE

- 1 Sew the dart on the Front bodice piece.

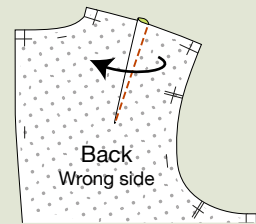

- 2 Cut the center of the dart, as long as possible. (about 2/3 length of the dart)

- 3 Press the seam open.

- 4 Finish the other side and the Back bodice darts in the same way. *Press it inward if it is difficult to cut.

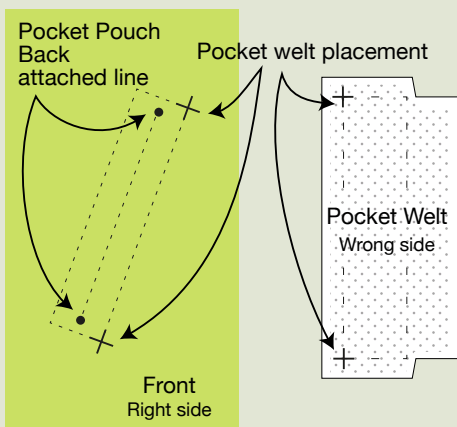

WELT POCKET

-Pocket A-

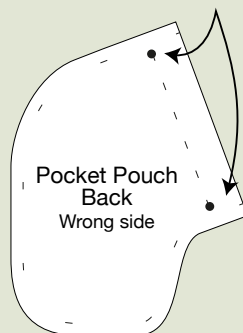

* Skip this step for **Pocket B**.

*illustrations show the right side pocket.

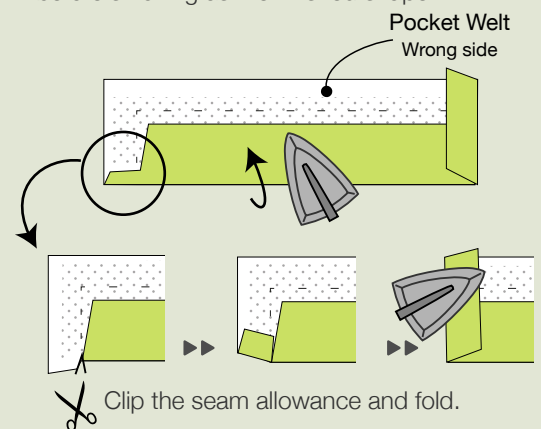

- 1 Check the markings on the Pocket pieces and the pocket placement on the Front bodice piece.

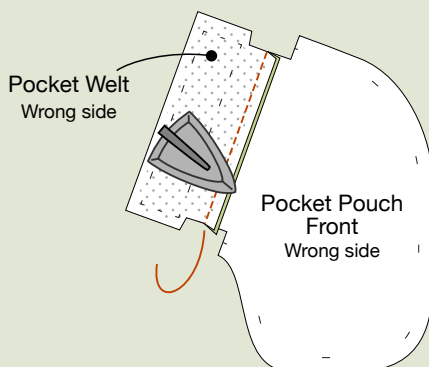

Pocket attached line

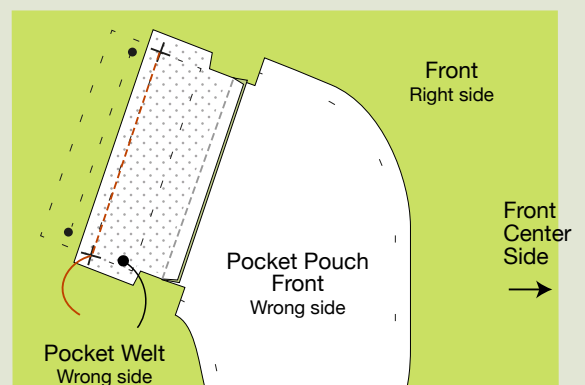

- 2 Press and crease the Pocket Welt piece before stitching as the finished shape.

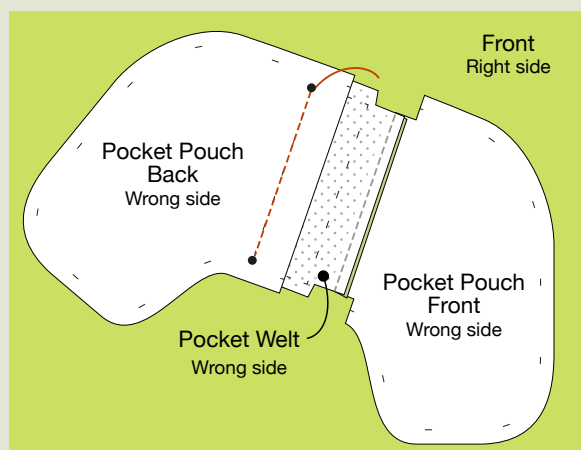

- 3 Open the folded parts on the Pocket Welt piece. Place the Pocket Pouch Front and the Pocket Welt pieces right sides together, match the notches and sew. Press the seam allowance toward the Pouch fabric.

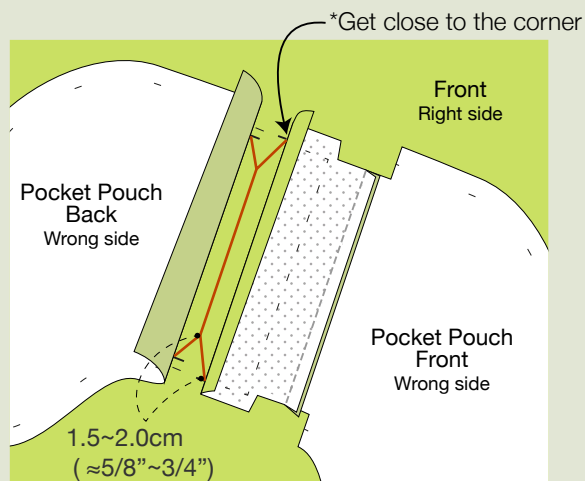

- 4 Place the Pocket Welt piece onto the Front bodice fabric right sides together, matching the markings. Sew between the notches using short stitch length.

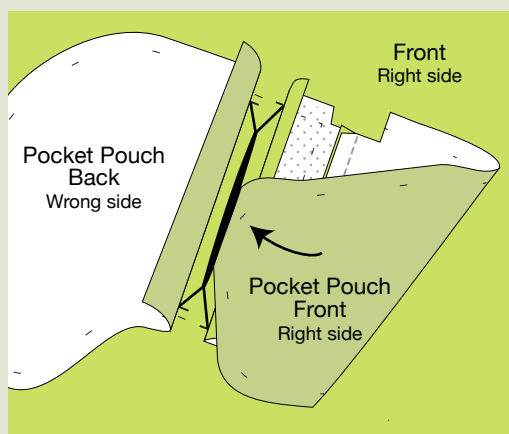

- 5 Place the Pocket Pouch Back piece onto the Front bodice fabric right sides together, matching the markings. Sew between the notches.

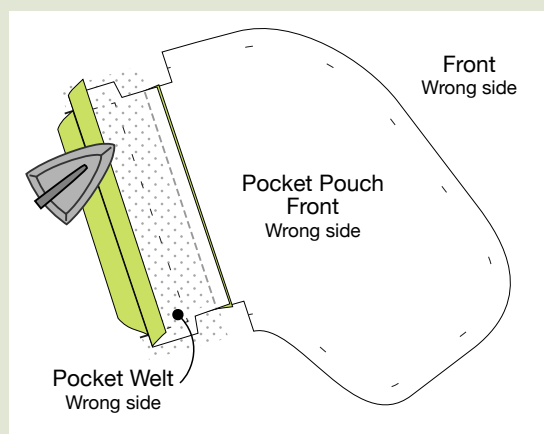

- 6 Flip the Pocket fabrics and cut a slit on the Front bodice piece as shown.

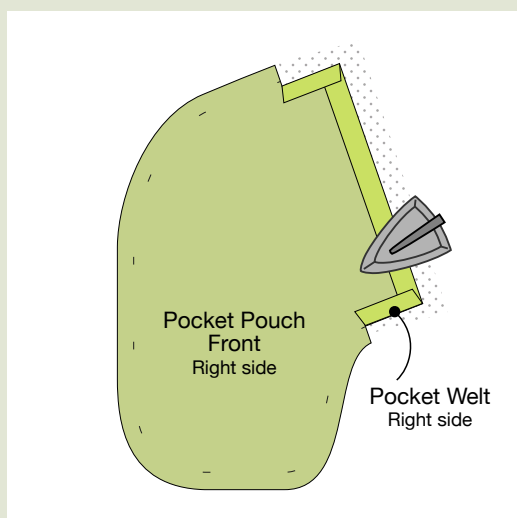

- 7 Push the Pocket welt with the Pocket Pouch Front fabric to the wrong side through the slit.

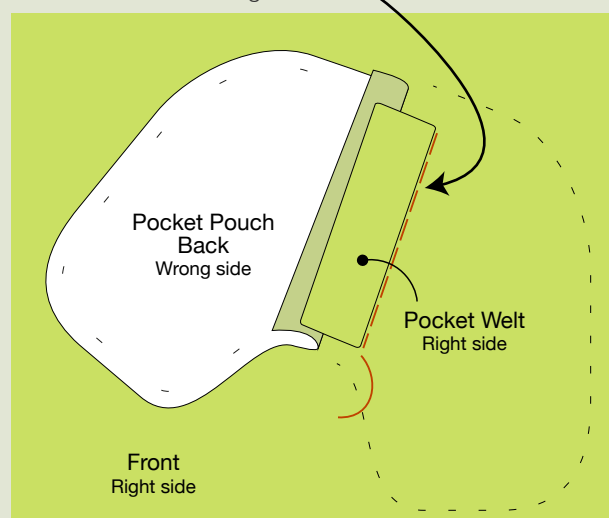

- 8 With wrong side up, open and press the inside seam.

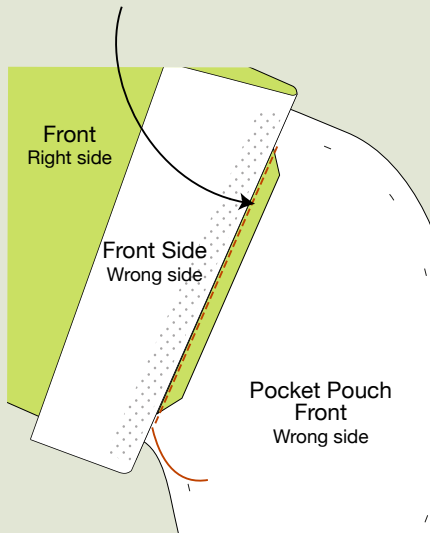

- 9 Fold and press the Pocket welt piece.

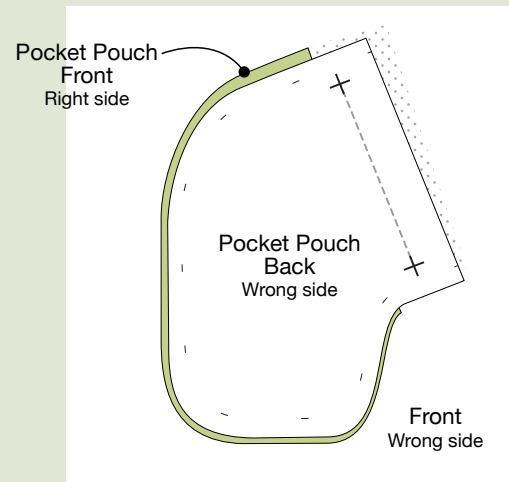

- 10 Push the folded Pocket Welt piece to the right side. Baste the under edge.

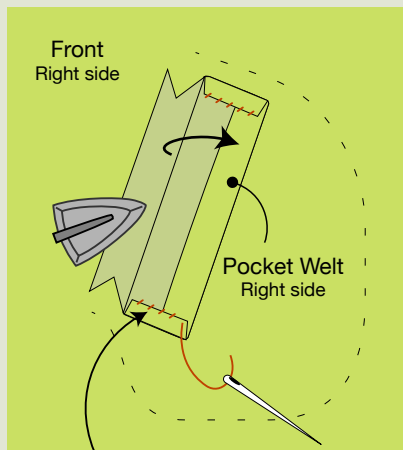

- 11 Turn over the Front bodice fabric.
Stitch the pocket welt fabric and the seam as shown.

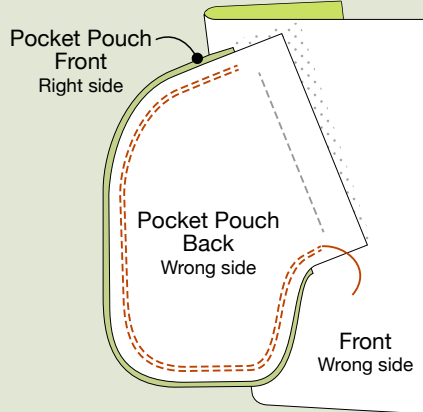

- 12 Push the Pocket Pouch Back piece to the wrong side through the slit. Layer it onto the Pocket Pouch Front fabric.

- 13 Flip the Pocket welt piece and shape and press the pocket opening.

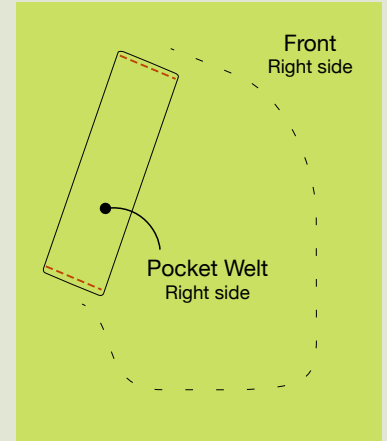

- 15 Double stitch the front and back Pocket Pouch pieces.

*Depending on the thickness of your fabric, the pieces might not line up correctly. Do not forcibly match the seam lines, simply line up the pieces in a way that avoids wrinkles or warps.

- 16 Top stitch both sides of the Pocket Welt from the right side.

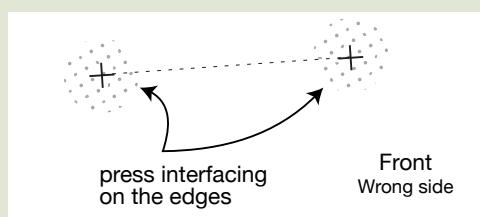

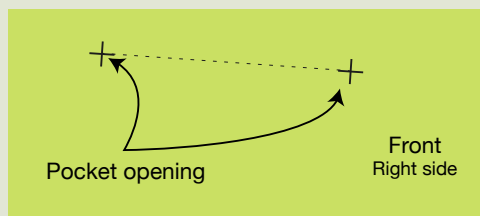

- 14 Blind stitch and fix the seam allowance of the both sides.

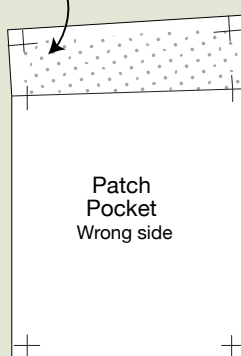

- 17 Finish the other side in the same way.

PATCH POCKET -Pocket B- * Skip this step for **Pocket A.** *illustrations show the right side pocket.

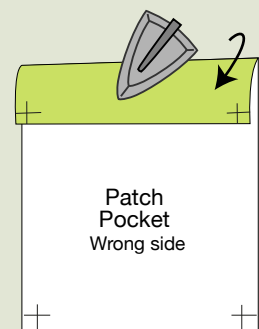

- 1 Check the pocket markings on the Front bodice piece.
Press interfacing on the wrong side of the fabric as shown.

interfacing
on the pocket opening

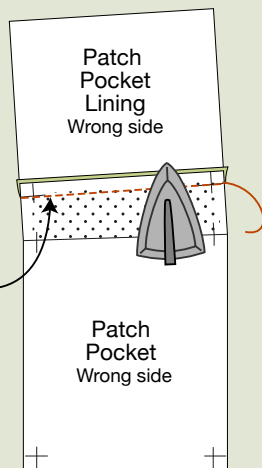

- 2 Press and crease the pocket opening before stitching.

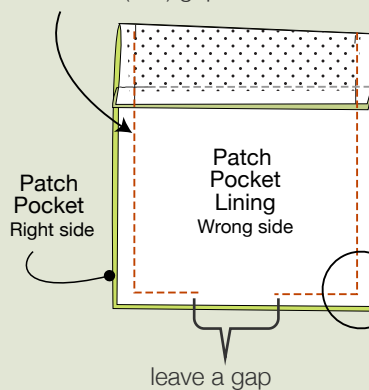

3

Open the folded part. Align the upper edges of the Patch Pocket and the Patch Pocket Lining pieces right sides together, and sew. Press the seam toward the lining piece.

4

Fold the piece inside out. Sew the outline but leave a 5-6cm (≈2") gap.

* The Lining pattern piece is 1-2mm smaller than the shell piece to set the shape and to prevent the wrong side being visible from the right side.

5 Cut the edges.

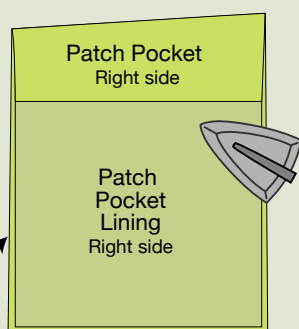

6

Turn it right side out from the gap.

7

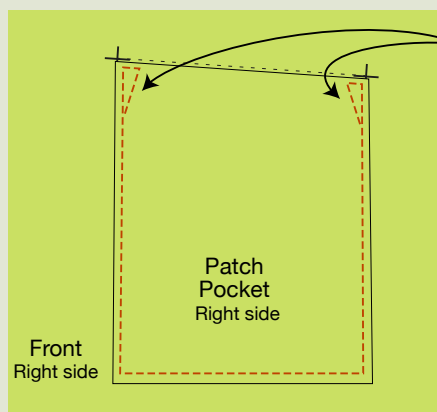

Shape the outline and press.

*Put the seam line 1~2mm (1/32"~1/16") inside to ensure the lining fabric does not show from the right side.

8

Place the pocket piece on the Front bodice in place and topstitch.

* Make triangle stitches to strengthen the pocket opening.

9

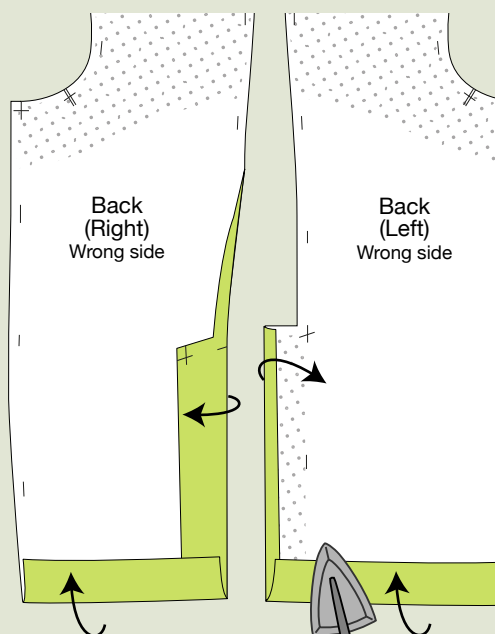

Finish the other side in the same way.

BACK BODICE / VENT

*Skip this step for without vent design, and just sew the center back straight.

1

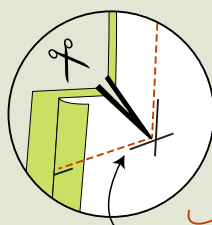

Fold and crease the hem and vent portions as shown.

2

Open the folded parts but keep the vent seam of the Back (Left) folded. Place the L&R Back pieces right sides together. Sew the center back up to the edge of the vent.

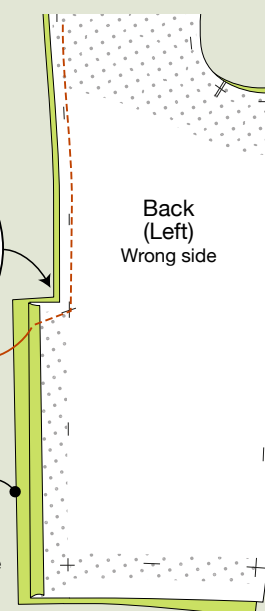

*Sew along the vent notch.

3

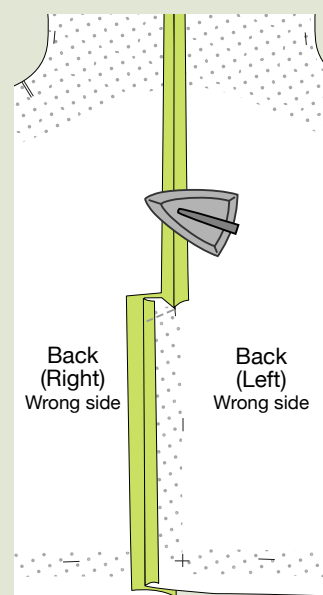

Clip the edge of the vent.

Back (Right) Right side

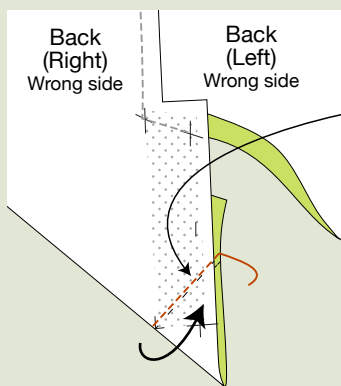

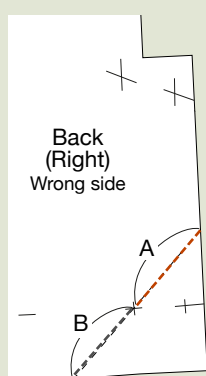

4

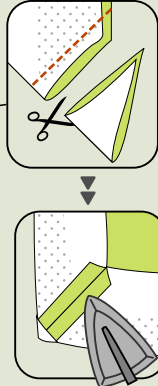

Press the seam open.

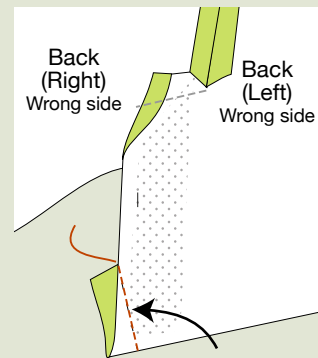

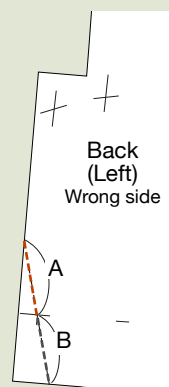

- 5** Fold the edge of the hem right sides facing matching the diagonal stitch line and sew along the line.
* Fold like the pic and match up A and B.

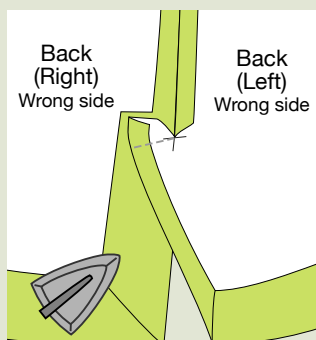

- 6** Cut the edge and open the seam.

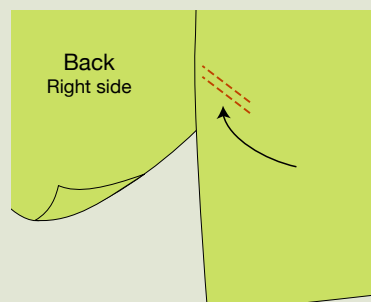

- 7** Finish the Back (left) hem in the same way.
* Fold like the pic and match up A and B.

- 8** Turn the corners right side out. Shape and press the hem.

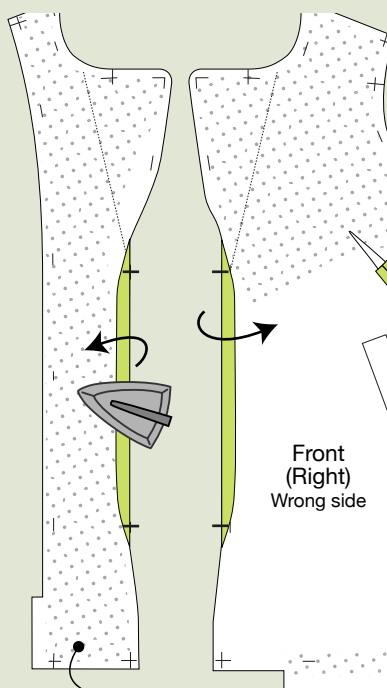

- 9** Make diagonal topstitch at the edge of the vent.

HIDDEN BUTTON STAND * Skip this step for normal button opening.

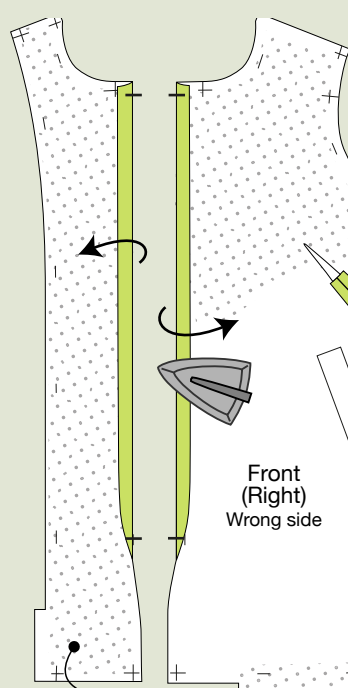

- 1** Fold and crease the front edge of the Front bodice and the Front Facing pieces (right side pieces which will be the upper layer of the center front) between the notches of the hidden stand.

*Tailored collar

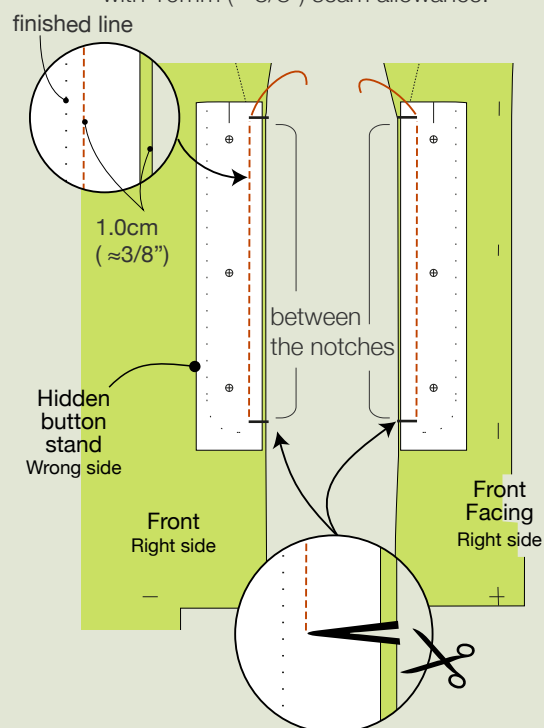

Front Facing (Right)
Wrong side

*Round neck

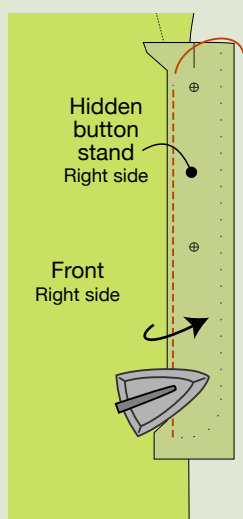

Front Facing (Right)
Wrong side

- 2** Open the folded parts.
Place the Hidden button stand placket pieces on the Front bodice and Facing pieces right sides together.
Sew the seam line between the notches with 10mm ($\approx 3/8$ ") seam allowance.

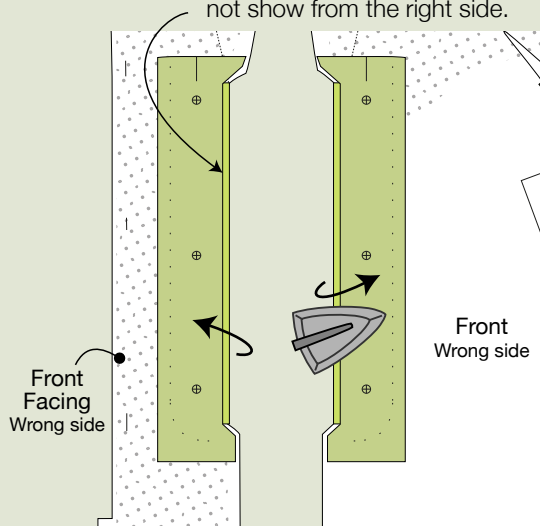

- 3** Clip the all edges of the seams as shown.

- 4 Fold and press the placket piece outward as shown. Under-stitch between the notches.

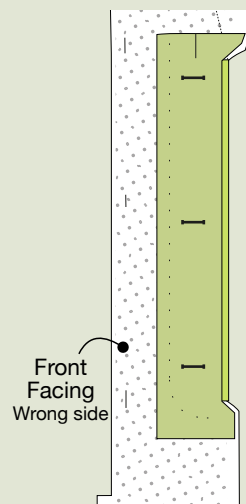

- 5 Turn the placket pieces to the wrong side and press the outline.

*Put the seam line 1~2mm (1/32"~1/16") inside to ensure the placket fabric does not show from the right side.

- 6 Make button holes on the Facing piece as the indication of the patterns.

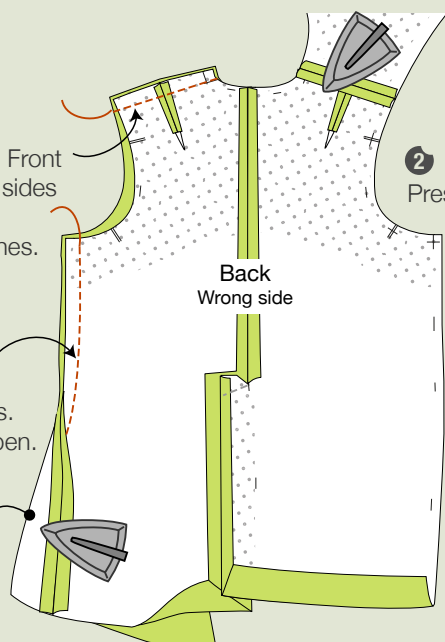

*We connect these pieces to the bodice later.

BODICE

- 1 Place the Back and Front bodice pieces right sides together. Sew the shoulder lines.

- 3 Sew the side seams. Press the seams open.

Front Wrong side

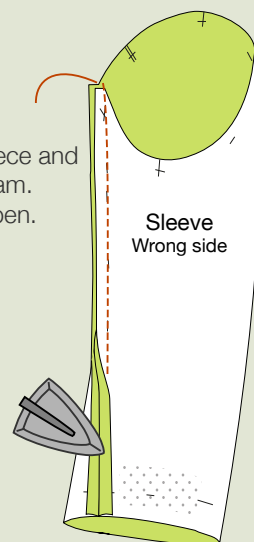

- 2 Press the seams open.

SLEEVE

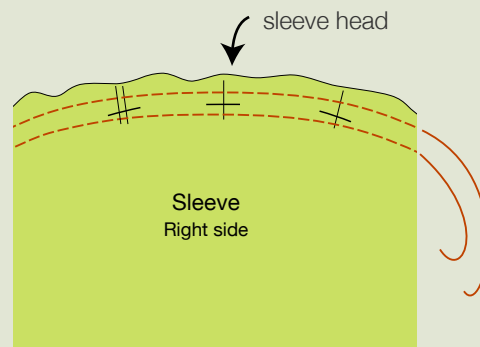

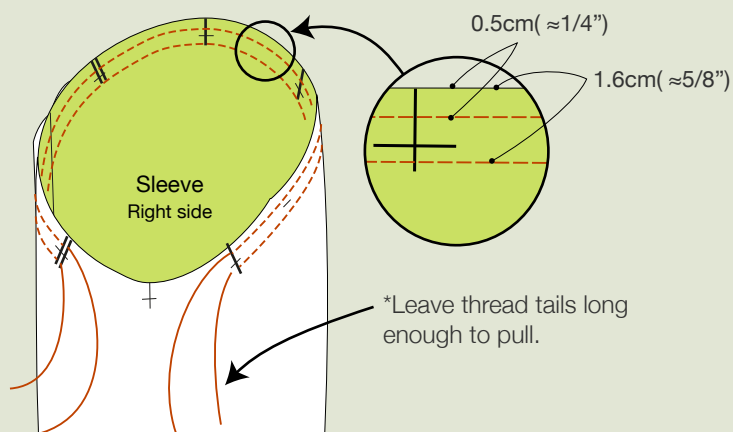

- 1 Fold the Sleeve piece and sew the sleeve seam. Press the seam open.

Sleeve Wrong side

- 2 Sew two rows of basting stitches between the notches. Use large stitches of sewing machine or stitch by hand.

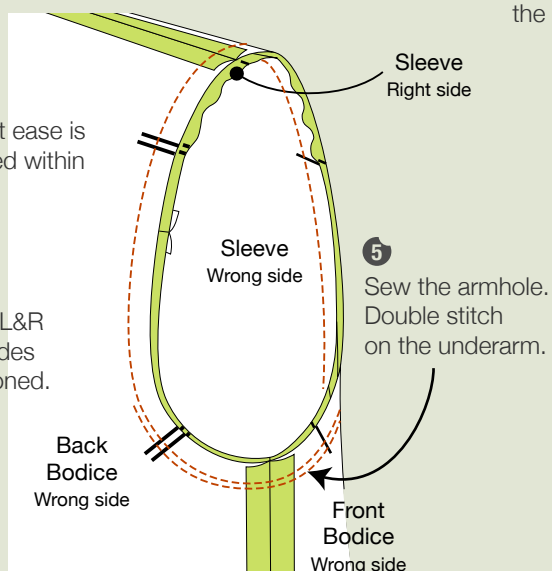

- 3 Pull the under threads of the double stitches to set the ease.

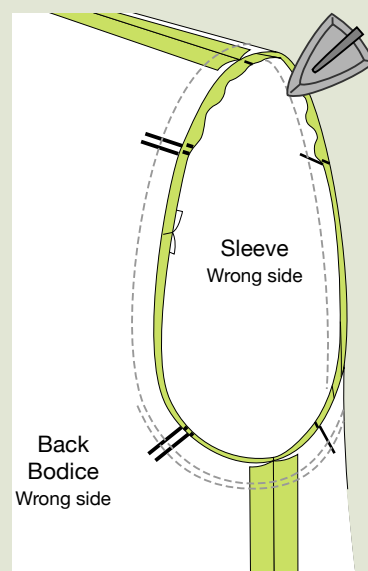

- 4 Position the Sleeve into the armhole, right sides together matching the notches.

* Make sure that ease is evenly distributed within the notches.

*Double check the L&R and front & back sides are correctly positioned.

- 6 Press the seam allowance to fit the ease to the armhole. To make a natural curve, don't put your iron tip inside the seam line.

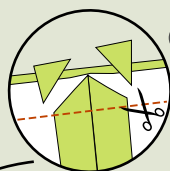

- 7 Finish the other side in the same way.

COLLAR

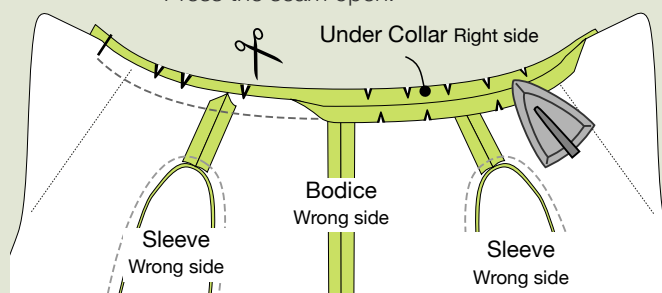

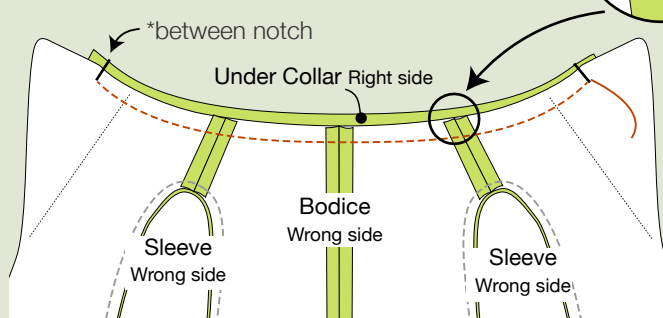

* Skip this step for Round neck.

- 1 Align the necklines of the Under Collar and the Bodice pieces, right sides together. Sew the neckline between the notches.

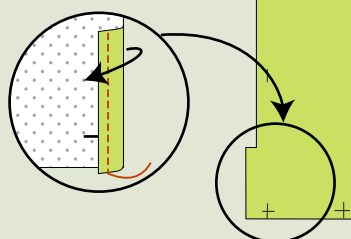

- 2 Trim all the edges of the seams.

- 3 Clip into the curve. Press the seam open.

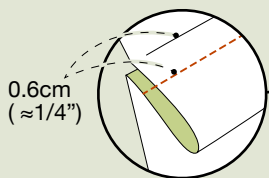

LINING

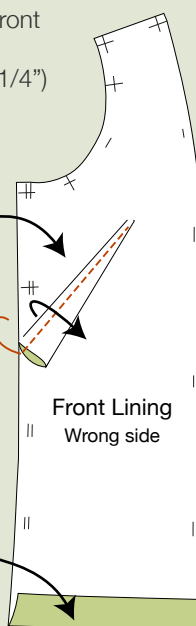

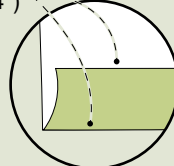

- 1 Fold the lower side edges of the Front Facing pieces and stitch.

- 2 Sew the dart on the Front Bodice Lining. Fold it downward 0.6 cm ($\approx 1/4''$) from the seamline.

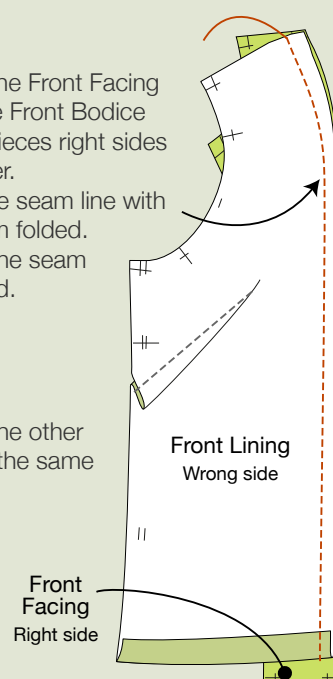

- 3 Fold and crease the hem allowances. 2.0cm ($\approx 3/4''$)

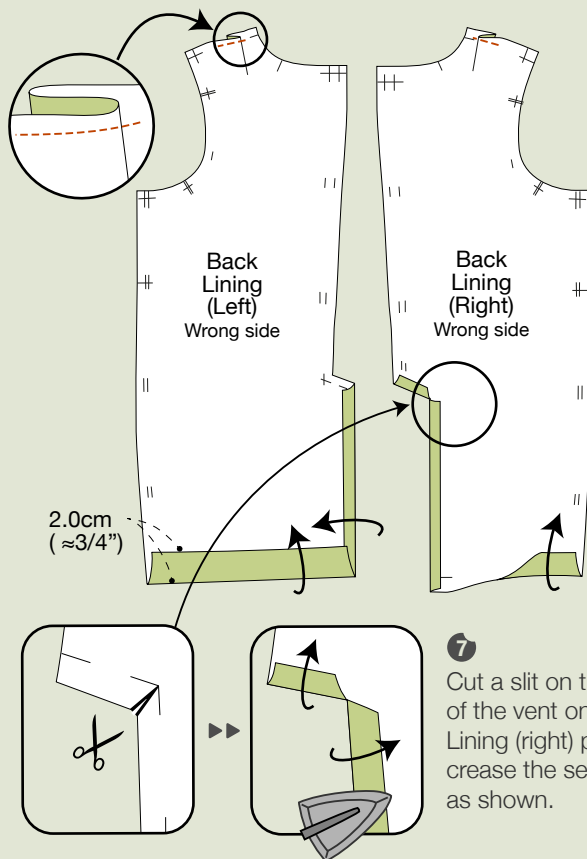

- 4 Place the Front Facing and the Front Bodice lining pieces right sides together. Sew the seam line with the hem folded. Press the seam outward.

- 5 Finish the other side in the same way.

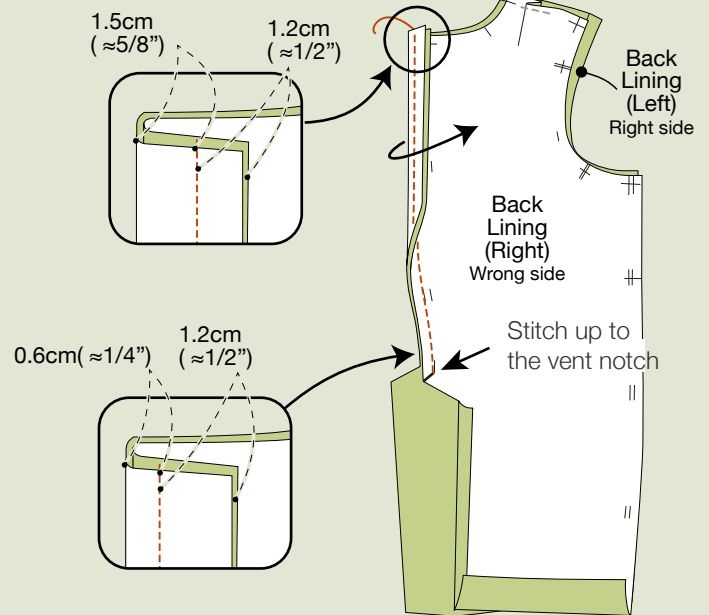

- 6 Make pleats on the shoulder matching the pleat markings and baste. Fold and crease the hem as shown.

- 7 Cut a slit on the edge of the vent on the Back Lining (right) piece and crease the seams as shown.

- 8 Open the folded parts, place the L&R Back lining pieces right sides together. Sew the center back seam up to the vent notch.
- 9 Fold the seam like the pics and make small pleats for making fitting ease.

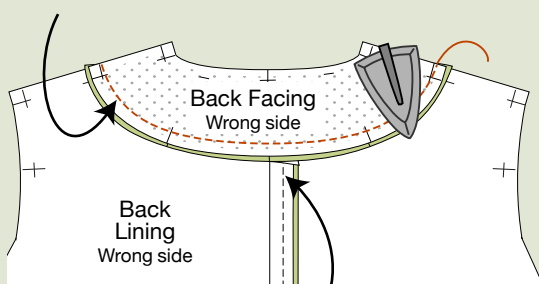

*Fold 1.5cm (≈5/8") upper side, 0.6mm (≈1/4") around the vent edge, and connect the fold line naturally between them.

*The lining pattern is partially larger than the shell pattern. We make small pleats like this to make some room for fitting.

*Skip this step for without vent design, and just sew the center back straight.

- 10 Place the Back lining and the Back Facing pieces right sides together. Sew the seam line. Press the seam downward.

*Don't open the pleat on the seam.

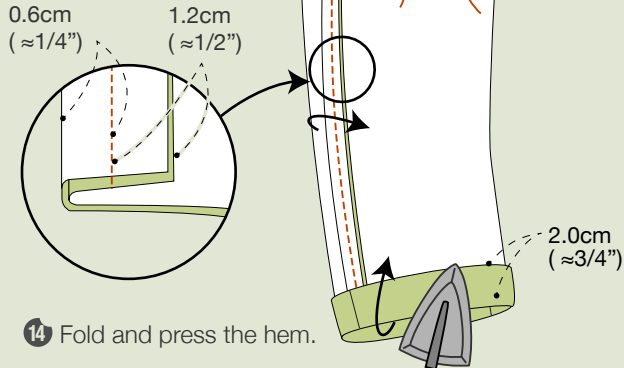

- 11 Place the Back and Front lining pieces right sides together. Sew the shoulder seams. Press the seams open.

- 12 Sew the side seams opening the folded hem. Press the seams backward and make pleats as shown.

13

Sew the sleeve seam and press the seam allowance backward and make pleat. Gather stitch on the sleeve head in the same way as you did for the shell.

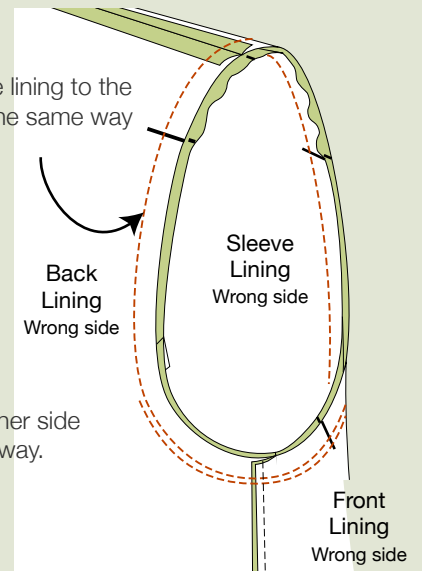

14 Fold and press the hem.

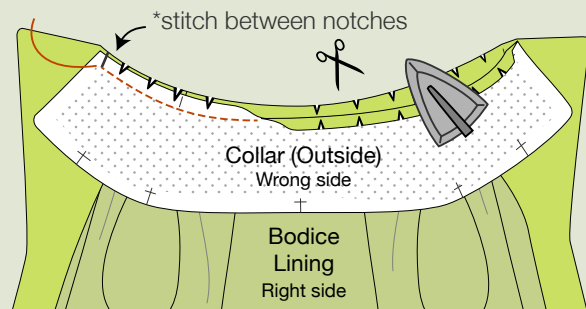

17 Attach the Outside Collar piece to the neckline of the bodice lining in the same way as you did for the shell.

*Skip this step for Round neck.

15 Attach the sleeve lining to the bodice lining in the same way as the shell.

16 Finish the other side in the same way.

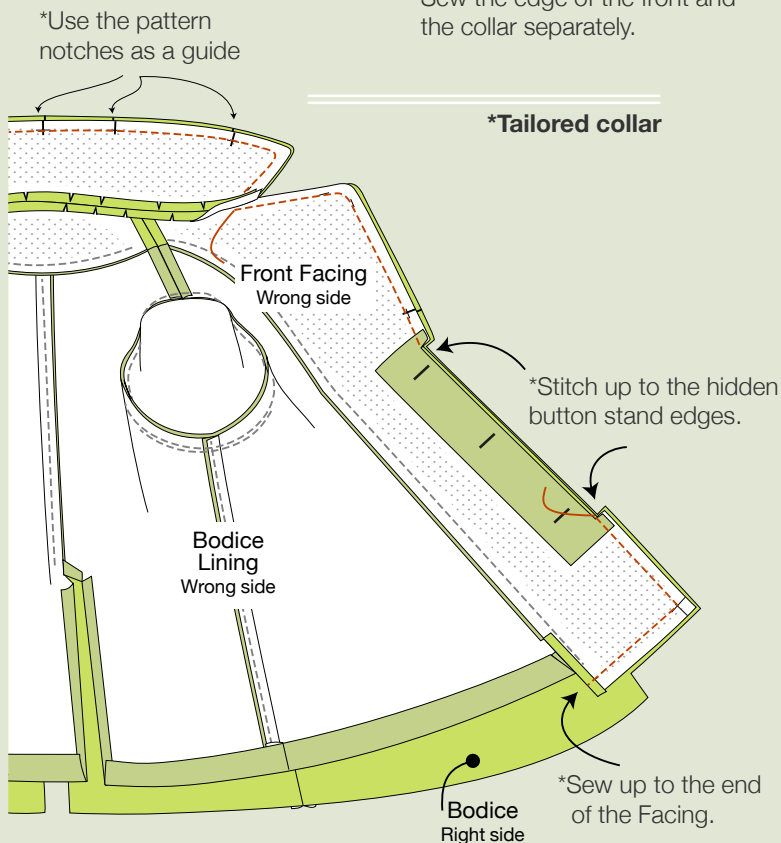

ATTACH FACING

1

Place the Bodice and the Facing with lining pieces right sides together. Sew the edge of the front and the collar separately.

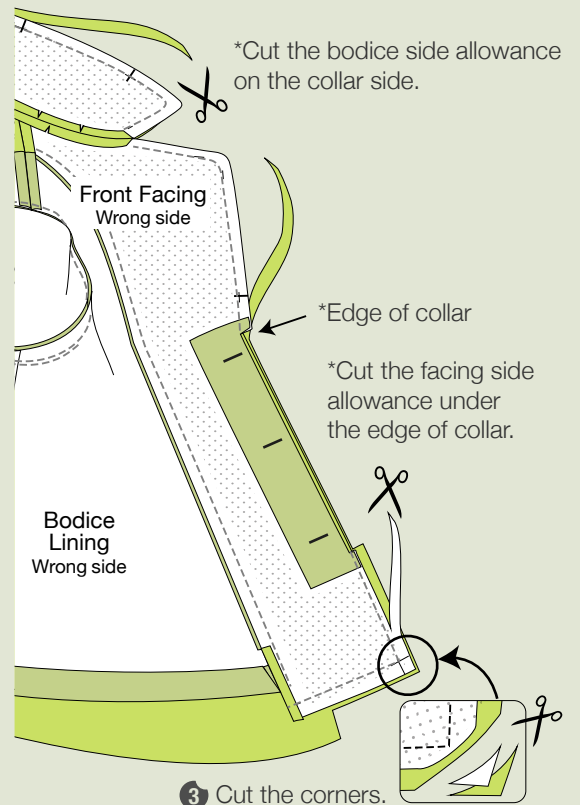

2 Trim 0.6 cm (approx 1/4 inch) width the allowance.

*Tailored collar

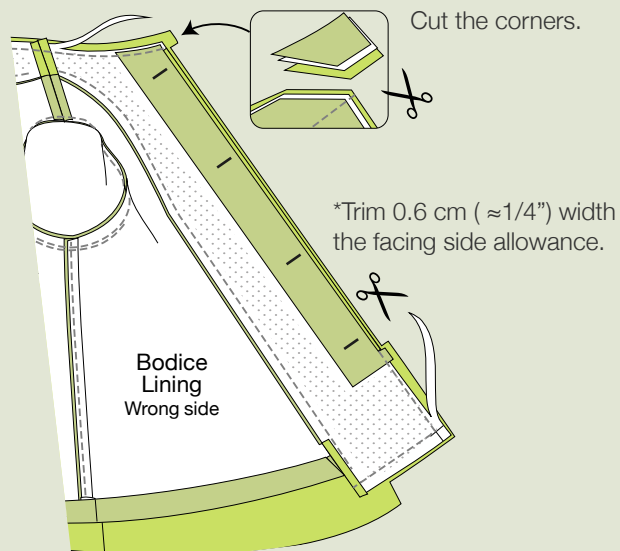

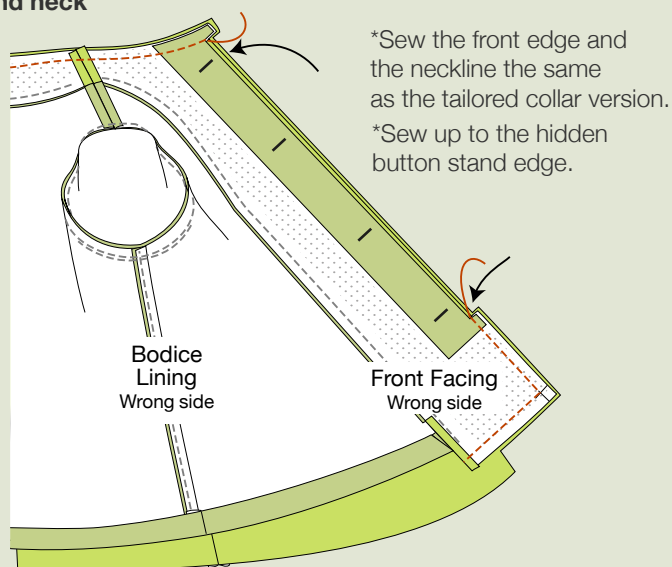

*Stitch up to the hidden button stand edges.

*Sew up to the end of the Facing.

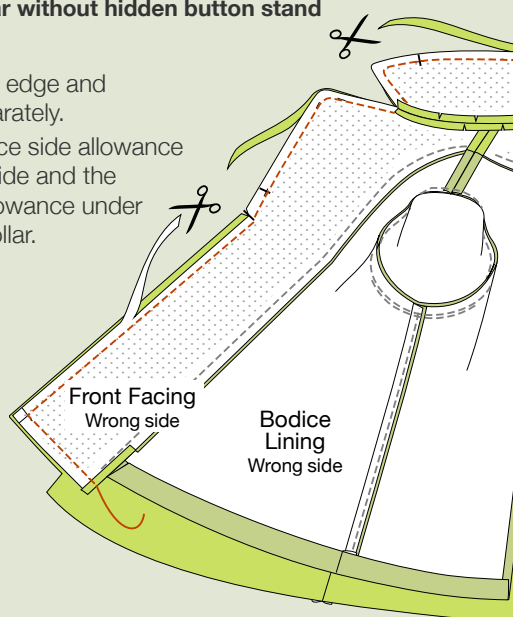

3 Cut the corners.

*Round neck

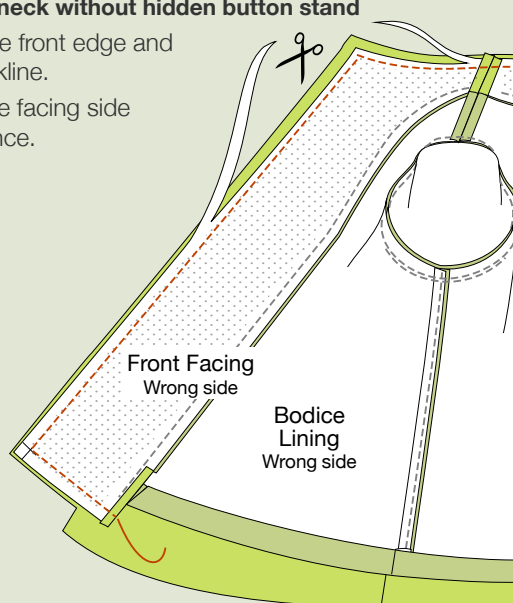

*Tailored collar without hidden button stand

*Sew the front edge and the collar separately.
*Trim the bodice side allowance on the collar side and the facing side allowance under the edge of collar.

*Round neck without hidden button stand

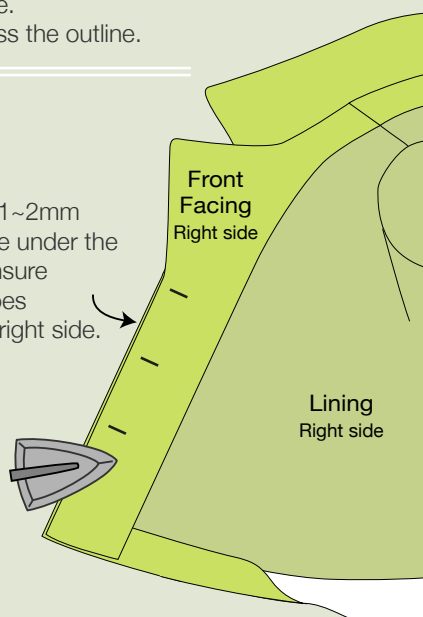

*Sew the front edge and the neckline.
*Trim the facing side allowance.

- 4 Turn it right side.
Shape and press the outline.

*Tailored collar

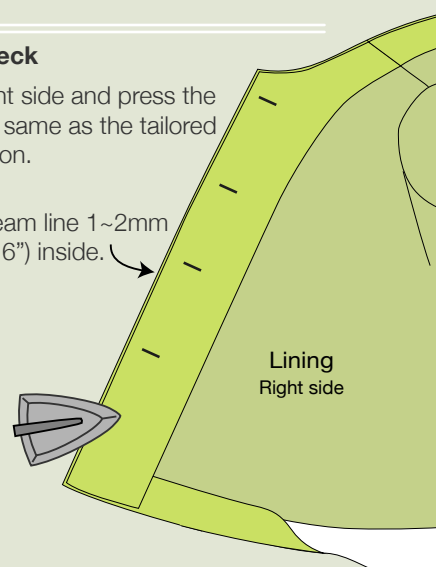

*Put the seam line 1~2mm (1/32"~1/16") inside under the edge of collar to ensure the facing fabric does not show from the right side.

*Round neck

*Turn it right side and press the outline the same as the tailored collar version.

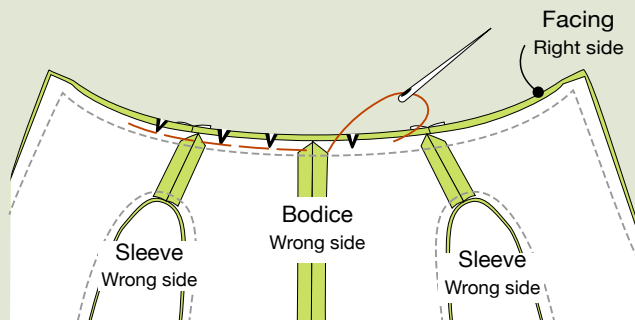

*Put the seam line 1~2mm (1/32"~1/16") inside.

FIX INSIDE OF NECKLINE

* Skip this step for round neck version.

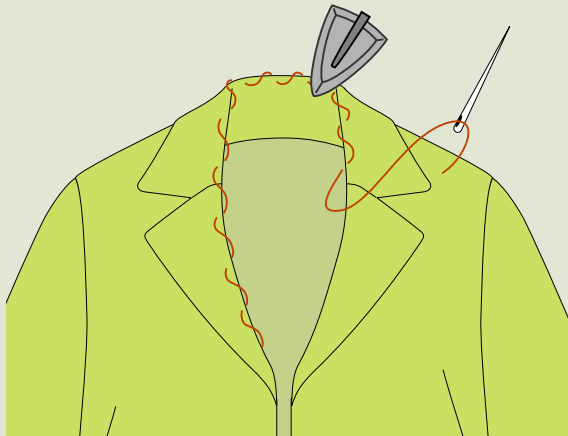

- 1 Turn it inside out again. Line up the necklines of the bodice and the facing. Stitch together the seam allowances of them to fix the liner to the shell.

SHAPE COLLAR

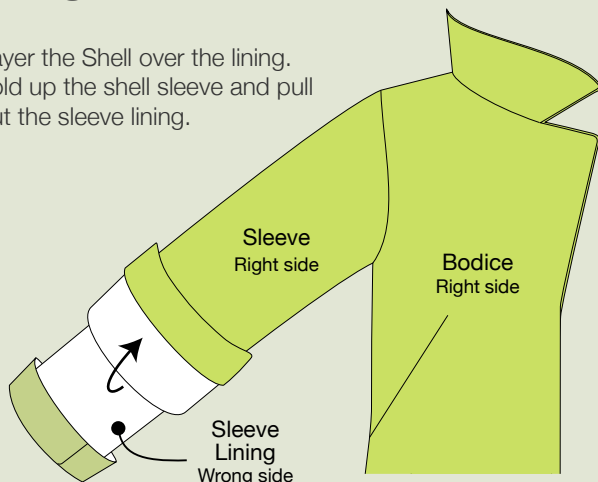

* Skip this step for round neck version.

- 1 Shape and fold the collar and baste along the fold line with overcast stitch.
- 2 Set the collar shape by lightly ironing with iron cloth or steaming.

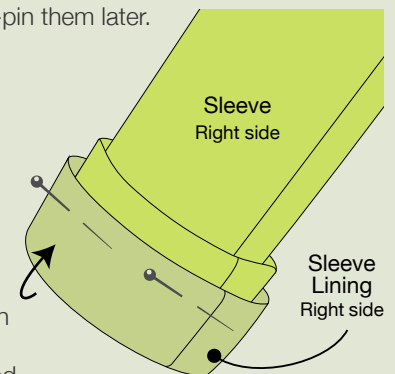

CUFFS

- 1 Layer the Shell over the lining. Fold up the shell sleeve and pull out the sleeve lining.

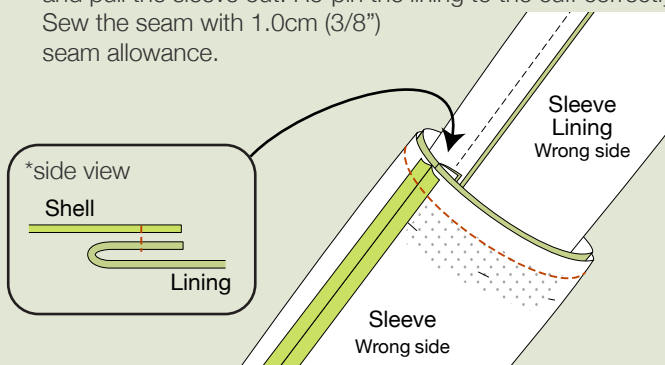

- 2 Fold up the lining, and temporarily pin the lining to the shell. We'll re-pin them later.

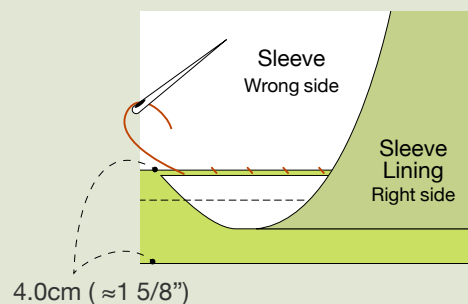

*Put your arm through the sleeve to check the lining is not twisted.

- 3 Put your hand between the lining and the shell of the bodice and pull the sleeve out. Re-pin the lining to the cuff correctly. Sew the seam with 1.0cm (3/8") seam allowance.

- 4 Fold the Cuff and blind-stitch. Finish the other side in the same way.

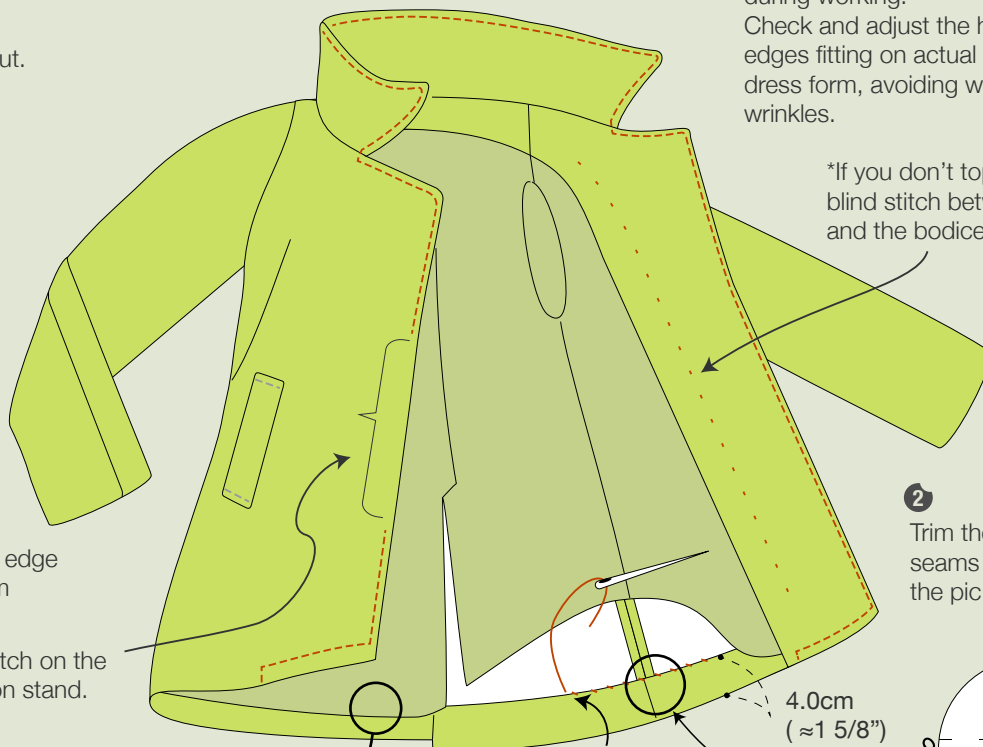

*Finish this process before closing the hem.

HEM / TOP STITCH

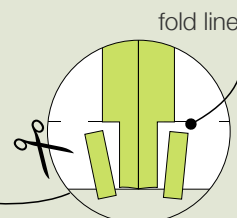

*Some fabrics have been stretched during working.
Check and adjust the hem and edges fitting on actual body or dress form, avoiding warps or wrinkles.

1 Turn it right side out.

*If you don't topstitch, blind stitch between the facing and the bodice to fix them.

2 Trim the edges of the seams on the hem like the pic and fold.

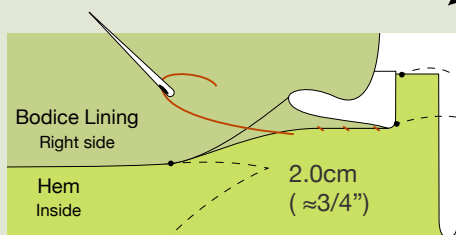

4 Topstitch the front edge and the Collar from the right side.

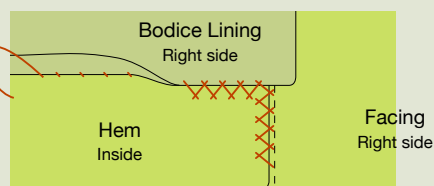

*Don't topstitch on the hidden button stand.

3 Blind-stitch the hem.

5 Blind-stitch the lining to the Hem.

1.0cm (approx 3/8 inch)

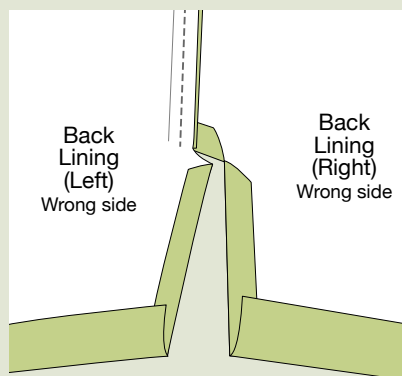

*Use Catch-stitch around the Facing.

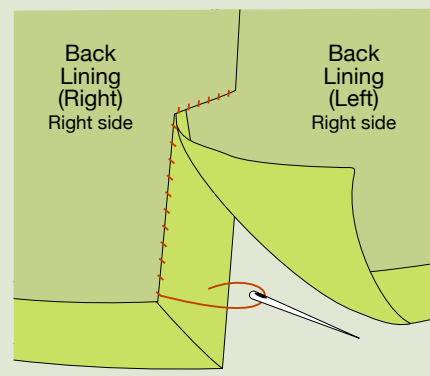

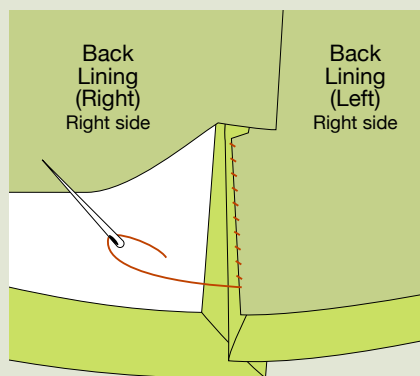

LINING ON THE VENT

1 Blind-stitch the vent edge of the left side lining.

2 Blind-stitch the upper edge, then the vent edge of the right side lining.

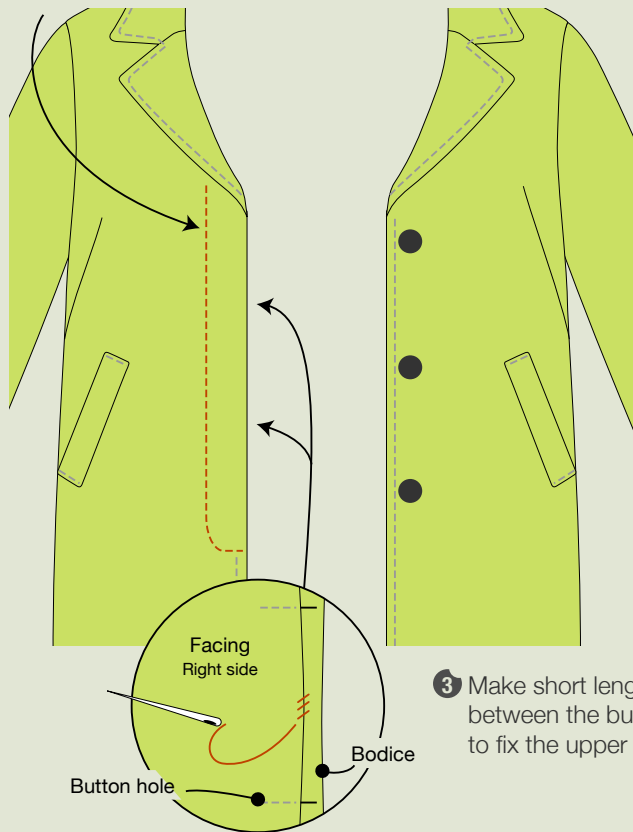

*The lining is folded like this.

HIDDEN BUTTON STAND / BUTTON

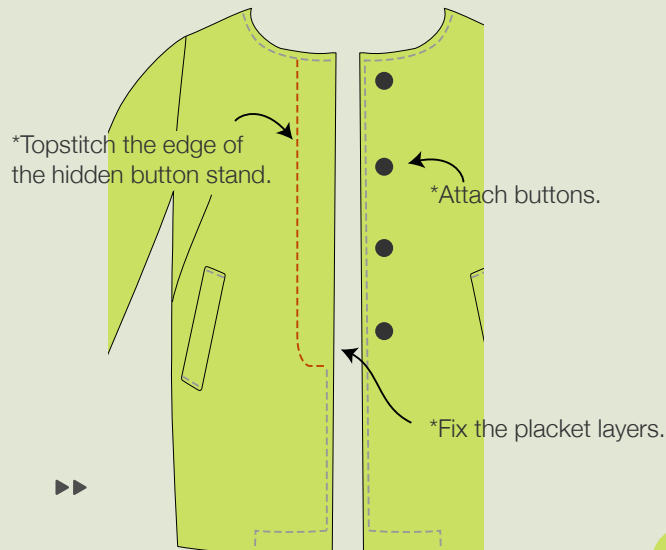

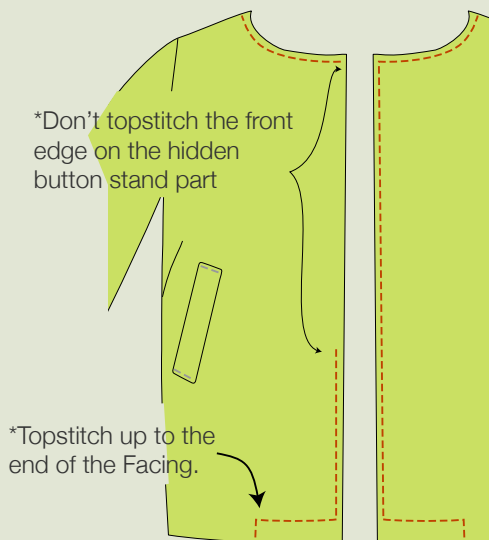

- 1 Topstitch the edge of the hidden button stand referring to the guideline on the pattern piece.

- 2 Attach buttons on the Bodice as the indication of the patterns.

- 3 Make short length blind stitches (about 3mm - 1/8") between the button holes as shown to fix the upper placket to the under layer.

*Round neck

FINISHED !

I love to see your creations from my pattern! Please share the photos of the finished garments on SNSs or blogs etc. with tag **#wafflepatterns** and Waffle Patterns' web address.
