The diagram shows a pattern piece for a patch pocket. It is a large rectangle with a smaller rectangle inside it, offset from the top and left edges. The word 'Fold' is written vertically along the right edge of the inner rectangle. An arrow at the bottom points to the right, labeled 'Fabric grain'.

7/8 length sleeve hem

The diagram illustrates the construction of a sleeve hem. It features a series of vertical lines on the left side, representing the sleeve's width and the placement of the hem. These lines include solid, dashed, and dotted lines in black and teal. Horizontal lines extend from these vertical lines to the right, indicating the hem's position. The top horizontal line is labeled '7/8 length sleeve hem'. Below it, a dashed horizontal line is labeled 'Hem allowance 4.0 cm (≈1 5/8")'. Further down, a solid horizontal line is labeled 'Long sleeve hem'. At the bottom, another dashed horizontal line is labeled 'Hem allowance 4.0 cm (≈1 5/8")'. The teal lines represent the hem allowance, while the black lines represent the main sleeve structure.

Short length hem

The image shows a technical drawing of a garment pattern. On the left, there is a side view of a garment with a curved hemline, indicated by dashed lines. The main part of the image is a large rectangular grid. The grid is divided into four quadrants by a vertical line and a horizontal line. The top-left quadrant is labeled 'Short length hem'. The bottom-left quadrant is labeled 'Long length hem'. The grid lines are thin and black. The labels are in a simple, sans-serif font.

Long length hem
